1	If we found the missing items in the Original BOQ, can we add up the new items in the Original BOQ?	Please refer to the instructions in the Cover Page of provided Blank BOQ in Bid Documents (in particular point #4): Bidders can add new item only into Bill 16- Adjustment Bill.
2	If we found the number of quantities is over or lower than the Original BOQ, which quantities do we have to follow?	Please refer to the note in all the sheets of provided Blank BOQ in Bid Documents (row #13): The quantities in the column [4] "Tender quantity" are provided as a guide <u>only</u> for the Bidders. It is the responsibility of the Bidders to check and verify all the quantities from the Bid Documents. Bidders must input their proposal's quantities in the column [5] "Offer quantity", either by copying the "Tender quantity" (if they agree with those) or by inputting their own quantity (if they believe the "Tender quantity" are incorrect, based on their own calculations). All quantities are subject to final clarification prior to awarding.
